- Dean's List | Varsity Men's Soccer Team
- Coursework: Data Structures & Algorithms, Software Engineering, Discrete Mathematics, Statistical Analysis | Current: Operating Systems, Machine Learning, Web Software Development

University of Massachusetts Lowell, Lowell, MA

2023–2024

Dean's List (both semesters) | Varsity Men's Soccer

TECHNICAL SKILLS

Programming: Python, Dart

Tools & Technologies: Git/GitHub, Flask, Flutter, SQLite, REST APIs

Languages: English & Spanish (Fluent)

PROJECTS

CarLog — Vehicle Maintenance & Cost Tracking Application (2-Person Course Project)

2025

Flutter/Dart | Python/Flask | SQLite | REST APIs | Git/GitHub | github.com/ericarmijos/carlog

- Primary developer on a full-stack vehicle maintenance and cost-tracking app: Flutter/Dart client, Python/Flask REST API, SQLite persistence; owned the data model, API design, and client-server integration end to end.
- Integrated the NHTSA vPIC API for VIN decoding and implemented cost-per-mile and MPG analytics over logged fuel, mileage, and repair records.
- Built CRUD workflows for vehicles, maintenance, repairs, fuel, mileage, and trips; managed branching and collaboration in Git/GitHub.

EXPERIENCE

Property Management & Construction Assistant — Family Business, East Hampton, NY

2024–2026

- Supported residential property management, renovations, framing, and repairs, coordinating contractors and vendors across active job sites.
- Tracked materials, schedules, invoices, and expenses; prepared pricing estimates and handled client and vendor communication.

Restaurant Server — Local Restaurant, East Hampton, NY

Summer 2026

- Managed orders, payments, and guest needs in a fast-paced, high-volume environment.

Barista — Local Coffee Shop, East Hampton, NY

2022–2024

- Delivered customer service in a fast-paced environment.
- Handled transactions and balanced daily cash register.
- Maintained a clean, organized workspace and trained new staff.

LEADERSHIP & HONORS

NCAA Men's Soccer — Muhlenberg College & UMass Lowell

2023–Present

- Varsity athlete, 20+ hrs/week in-season alongside full-time Computer Science coursework.
